

### **Prof. C. P. Narayan Menon Memorial Lecture**

Prof. C. P. Narayan Menon was invited to be one of the faculties in the Department of Physics of SIES College in the initial year of inception. A strict disciplinarian and a very good administrator, was intimately connected with the growth of this premier Institution. He was the Head of the Department of Physics and then was appointed as the Vice-Principal.

He was well versed with various topics in Physics and was highly soughtafter by the students of Physics.

To pay tribute and perpetuate his memory and good deeds, the 1969 batch of Physics students launched lectures titled “**New Frontiers in Physics**”, who left for heavenly abode in the year 2008. This will be an annual feature henceforth. It was the first memorial lecture arranged to show their love, affection & respect to Late Prof. C. P. Narayan Menon. The speaker herself was an alumni of the same batch.

Dr. Nalini Easwar, Scientist, Smith College USA. She specially came to India to deliver the first sponsored lecture.

Following is the list of Memorial Lectures delivered from the year 2008.
